- **Classes cannot be held without a Parent Volunteer**
- Should you decide to cancel a class, the refund of the class tuition is only available until 1. week of class.

MONDAY:

Coding - Minecraft (grades 3-5): Each student will get to run their own Minecraft server where they can customize the game with their own world maps and features. Students will design custom textures, build amazing structures, give their players new abilities, and depending on experience even create their own mini-games all while learning Linux and programming.

Dates: Mondays, 01/27 – 03/30 (9 weeks), no class on 02/17

Time: 3:50pm – 5:00pm (first 10 minutes for snack and settling in)

Location: Shared Space #2

Minimum / Maximum Enrollment: 6/15

Price: \$200

TUESDAY:

Photography (grades K-5): The class will initially focus on teaching the differences between the most often utilized cameras. Next, students will learn composition basics, including the rule of thirds, filling the frame, negative space, and limb chops. There will also be an introduction to lighting, including the different types of light and how to best utilize them. Activities will include hands-on learning with available cameras and practicing taking photographs in the classroom. Students are required to bring their own kids camera from home.

Dates: Tuesdays, 02/04 – 03/31 (9 weeks)

Time: 3:50pm – 5:00pm (first 10 minutes for snack and settling in)

Location: Shared Space #2

Minimum / Maximum Enrollment: 8/15

Price: \$200

THURSDAY:

Spanish (grades K-5): This class is **immersion based** and is designed to instill a love of language and culture while developing a language skill. Teachers use **communicative approach**, with lots of movement, games, music, props and gestures that allow everyone to join in the fun.

Dates: Thursdays, 02/06 – 04/02 (8 weeks), no class on 02/13

Time: 3:50pm – 5:00pm (first 10 minutes for snack and settling in)

Location: Shared Space #2

Minimum/Maximum Enrollment: 8/12

Price: \$170

FRIDAY:

LEGO - Robotics (grades 2-5): This class gives you the power to create and command your own robotic LEGO® creatures, vehicles, machines and inventions. By combining LEGO® elements with a programmable brick, motors and sensors, you can make your creations walk, talk, grab, think, shoot and do almost anything you can imagine!

Dates: Fridays, 02/07 – 03/27 (6 weeks), no class on 02/14 and 03/13

Time: 3:50pm – 5:00pm (first 10 minutes for snack and settling in)
